

FOR THE ATTENTION OF FOREIGN STUDENTS!

Registry of general health insurance of all international students who study in our country in different grades, **with a scholarship or not**, has become optional with the amended law. **If the subject students require, registry of their general health insurance shall be issued in Provincial Directorate of Social Security Institution or Social Security Centre which are in the same city with their university.**

TO HAVE GENERAL SOCIAL SECURITY

- **If the new international students who will begin their education** apply to Provincial Directorate of Social Security Institution **within 3 (three) months after their registration to university,**
- **or if the international students who continue their education** apply to Provincial Directorate of Social Security Institution or Social Security Centre **till November 29, 2013,**

they may have General Social Security.

IMPORTANT:

- The international students who apply to Social Security Institution within the specified dates should realise their own security registration.
- The international students who do not apply to Social Security Institution within the specified dates shall not be entitled to get benefit from rights of the general health insurance.
