

REGULATION OF STUDENT ADMISSION AFFAIRS OF THE İZMİR INSTITUTE OF TECHNOLOGY

Objective and Scope

Article 1. The objective of this regulation is to determine the principles to be observed in admission affairs of students to follow a postgraduate programme in the institute of undergraduate studies, engineering and sciences at the faculties within the structure of the Institute of Technology.

Education Types

Article 2. Associate degree programme, undergraduate programme and postgraduate programme shall be applied at the Institute of Technology on the basis of the principles and times specified with laws, regulations and the decisions of the Higher Education Board.

Exam and assessment principles to be applied during education shall be regulated with separate regulations.

Medium of Instruction

Article 3. Medium of instruction in the Institute of Technology is English. However, courses, which have to be given in Turkish or in other languages, shall be determined by the Senate of the Institute.

Student Admission

Article 4. Student admission to the institute shall be regulated with the Higher Education Law and the principles to be determined by the Senate within the framework of the decisions of the Higher Education Board. All applications for admission to the Institute shall be made to the Chairmanship of Student Affairs Office.

Student Admission to Preparatory Class and Undergraduate Programmes

Article 5. Students shall be admitted to the preparatory class of the Institute and the first grades of undergraduate programmes according to the results of the exam to be done by Student Selection and Placement Center.

Admission of foreign students without examination is possible with decisions of the Higher Education Board and the principles determined by the Senate.

Student Admission to Postgraduate Programmes

Article 6. Principles concerning student admission to postgraduate programmes shall be based on the provisions of Postgraduate Education Regulation of the İzmir Institute of Technology.

Admission through Transfer

ARTICLE 7-The transfer application within and outside the Institute for the Technology Institute undergraduate programs is made according to the verdicts of the Regulation regarding the Principles of Transfer between the associate and undergraduate degree programs in the higher education institutions, double major, minor and credit transfer between the institutions published on the Official Journal numbered 27561 and dated 24/4/2010 and according to the principles determined by the Institute.

The students are admitted to the postgraduate programs with the transfer according to the verdicts of the Regulation of the Technology Institute Postgraduate Education published on the Official Journal numbered 25354 and dated 22/1/2004.

The applications to the transfer to the undergraduate and postgraduate programs are made within the durations mentioned in the academic calendar.

Special Students

Article 8. Special students are the students, who are currently enrolled in other universities or institutions of higher education, or who have graduated from such institutions, and who are allowed to take courses despite not being enrolled in one of the education programmes in the İzmir Institute of Technology. Special students do not have the same rights and obligations as full-time students have.

Admission of special students to courses shall depend on the decisions of the board of faculty upon the proposal of the Head Department; decisions of the Board of the Institute in the Graduate School of Engineering and Sciences; and decisions of the Board of the School of

Foreign Languages upon the proposal of the concerned head department at the School of Foreign Languages.

Special students shall complete their application and registration procedures within the dates mentioned in the academic calendar.

No diploma shall be awarded to special students. However, they may be given a document, indicating the enrolled courses and the grades from these courses, if any.

The grades of the courses taken in Turkey or abroad under the title of special studentship, may be replaced by the courses required for the graduation of the programme to which student is enrolled.

Enrollment in the Institute and Transactions and Documents Required for Enrollment

Article 9. Enrollment transactions of students admitted to any education programme of the Institute shall be done by the Chairmanship of Student Affairs Office on the days determined with approval of the Rectorate. Students, who do not apply on the date determined for enrollment and who do not submit the required documents, shall not be enrolled.

For conclusion of enrollment of the students admitted to the Institute, the following conditions shall be looked for:

- a) A certificate obtained from a high school or a native or foreign school, deemed equivalent to high school by the Ministry of Education, for students admitted to English preparatory class and undergraduate programmes; a certificate, indicating entitlement to bachelor's degree within or out of the country for students admitted to postgraduate programmes,
- b) No hindrances as far as health, military service, student visa etc. are concerned,

Enrollment of students, admitted to the İzmir Institute of Technology and fulfilled the designated conditions, shall be concluded on condition that they provide the other documents to be specified by the Senate and they pay the tuitions determined for enrollment. Enrollment of students with lacking and distorted documents shall be cancelled even if the transactions have been concluded. The originals of the requested documents or their copies approved by the Institute are accepted. The candidate's declaration is taken as basis regarding the status of military service and criminal record.

Rearrangement of Enrollment Transactions

Article 10. Students have to have their enrollments rearranged by paying tuitions and having their schedules approved at the beginning of each semester and within the times announced in the calendar. For renewing the registration, it is required that the tuition fee must be paid, the course selection process is completed and the approval of the advisor must be taken. Students are responsible for all enrollment rearrangement transactions and shall enroll by themselves. The students are responsible for the whole registration renewal process. The registration of a student who realizes one of these processes deficiently is not regarded to be complete.

The student who has not completed his/her registration process in the registration period is required to apply to the Registrar's Office by declaring his/her excuse and documenting it and at latest within four days as of the end of the registration renewal period. The registration of the student whose excuse is considered to be appropriate by the Institute Administrative Board can be renewed. The student whose excuse is not considered to be appropriate by the Administrative Board cannot make registration for that semester and cannot benefit from the studentship rights. The duration that he loses in the semesters in which he does not make registration is regarded from the education period.

English Preparatory Class

Article 11. The English levels of the students admitted to the undergraduate and postgraduate programs are determined according to the verdicts of the Regulation on the Foreign Languages Preparation Class of the Izmir Institute of Technology published on the Official Journal numbered 27233 and dated 20/5/2009.

Students, who cannot pass the English proficiency exam and whose language level is not found sufficient, shall be given preparatory education.

The education in the English preparation class is realized according to the Regulation on the Foreign Languages Preparation Class of the

Associate Degree Programme

Article 12. Principles related to associate degree to be awarded to students, who are enrolled in undergraduate programmes but who are in a position not to be awarded a bachelor's degree despite passing the courses of the first semesters and students, who are in the same position and who choose to carry on with their education in vocational high education schools, shall be

regulated by the Senate within the framework of the decisions of the Higher Education Board. Enrollment of such students in undergraduate programmes shall be deleted.

Transcripts

Article 13. Courses taken and the grades got by all students of the Institute starting from the date of enrollment to the time of leave shall be recorded in the transcript of the student by the Chairmanship of Student Affairs Office. Upon demand of the student, approved copies of the transcripts shall be given to the student by hand or mailed to the notified addresses. Approved transcripts shall be sent to the public enterprises upon demand.

Issuance of transcripts, submission to students or communication to the authorized agencies shall be assumed by the Chairmanship of Student Affairs Office.

Diplomas

Article 14. Students, completing the education programme in accordance with the principles in the regulation, shall be awarded the diplomas and the certificates below.

- a) Associate Degree: Signatures of the head of the department, the dean and the chancellor shall be appended onto the diplomas awarded to the students, who are entitled to get an associate degree in the faculty departments, where undergraduate programme is applied. In the diplomas given, the education period in which the student is regarded to get education is mentioned.
- b) Bachelor's Degree: It shall be signed by the authorized Dean and the Chancellor. The faculty, the department and the programme, if any, of the student shall be written on the diploma.
- c) Double Major Degree: The signatures of the Head of Department, the Dean and the Chancellor shall be appended onto the diplomas, awarded to the students entitled to get a double major degree in the faculty departments, where double major programme is applied. On the diploma, the name of the program that the student follows is mentioned.
- d) Subspecialty Certificate: The signatures of the head of department, the dean and the chancellor shall be appended onto the diplomas, awarded to the students entitled to

receive a subspecialty certificate in the faculty departments, where subspecialty programme is applied.

- e) Postgraduate Degree: It shall be signed by the Institute Director and the Chancellor. The name of the Institute, the Institute Department and the programme received shall take place on postgraduate diplomas.

The shape, dimension of all diplomas and the information to take place on the diplomas shall be designated by the Senate.

(2) Abolished.

A temporary graduation certificate bearing the signatures of the Dean/Director of the Graduate School of Engineering and the Chairman of Student Affairs Office may be awarded until preparation of diplomas and for once. If a diploma is lost, a new diploma shall be issued for once on condition that it is announced in a paper printed in Turkey, the charge due is repaid and the circumstance is declared with a petition. The phrase “Second Copy” shall be appended onto this diploma, awarded for the second time.

Titles

Article 15. On the diplomas, the name and degree of the education program are mentioned.

Disenrollment

Article 16. Students may be disenrolled by applying to the Chairmanship of Student Affairs Office whenever they want to do so. This case shall be communicated to the department, the dean and the Graduate School of Engineering. If the disenrolled student wants to return to the Institute, he/she shall be subject to the same transactions as the students, applying for the first time or transferring.

The tuitions and charges paid shall not be returned to the disenrolled student.

Disconnection

Article 17. In order for the students, who are disenrolled voluntarily or with the decision of the Board of Directors of the Institute, discharged or leave the Institute, to get their diplomas or the personal documents in their files, they shall fulfill the transactions of disconnection determined by the Institute.

Permitted Leave

Article 18. Students may go on permitted leave under the conditions stated in article 19 on condition that they will make a return to the Institute.

Such students may be deemed permitted as given below:

- a) With the decision of the Department of Foreign Languages and approval of Rectorate in preparatory classes,
- b) With the decision of the Board of Directors of the Faculty in undergraduate programmes,
- c) With the decision of the Board of Directors of the Graduate School of Engineering in postgraduate programmes.

Students may be given a leave of 2 (two) semesters at maximum in the preparatory class, 4 (four) semesters at maximum in undergraduate programmes, 4 (four) semesters at maximum in postgraduate programmes.

Times of leave shall not be included in the time of education.

Conditions for being Considered on Leave

Article 19. Students may be given a semester leave on the basis of the grounds and documents below.

- a) Sick leave: A semester leave may be given to students on condition that it is certified with an official Health Committee Report covering the time, which will require issuance of a semester leave.
- b) Military Service Leave: A military service leave may be given if students recruited when transaction of deferment of conscription cannot be done due to mandatory grounds.
- c) Leave for Financial and Familial Grounds: This leave may be given in case of disease, natural disasters or similar circumstances, which arise suddenly and having an impact on sustenance of the student.
- d) Students may be given leave for the purpose of education abroad or in case of educational assignments.

Students, who are announced to be arrested, convicted or sought by the concerned authorities, shall not be given leave. The students, whose imprisonment has ended, can be considered to be on leave for the duration passed.

Application for Leave

Article 20. Applications for leave shall be made to the head of the department concerned or the Graduate School of Engineering with a well-grounded petition. It shall be finalized with the decision of the board of directors in charge and the result shall be announced to students by the Chairmanship of Student Affairs Office.

Applications for leave shall be made on a semester basis and within the course taking periods. Applications to be made after expiration of the said time shall not be put in process excluding sudden diseases and unexpected cases.

Return from Leave

Article 21. Students, given leave, shall be applied the transactions below as soon as they return to the Institute.

- a) Education received and courses taken by students, who went on a leave abroad for a specific time with educational purposes, shall be assessed by the board of directors in charge.
- b) Students, who were given leave for other grounds, carry on with their education at the end of their leave by being enrolled with a typical procedure applied for the relevant semester.
- c) Whereas, students, who took leave on account of disease, shall prove that they have gained their health back with a Health Committee Report so that they can carry on with their education.

Advisors

Article 22. Advisors shall be assigned among academics within the framework of the relevant regulations for assisting issuance of schedules of students and engaging in other issues.

Internships

Article 23. Occupational internships to be done on a mandatory basis taking into consideration the particulars of specialty fields shall be regulated by the Senate of Izmir

Institute of Technology within the framework of the decisions taken by the Higher Education Board.

Discipline Affairs

Article 24. Discipline affairs of students shall be conducted in accordance with the provisions of the Student Discipline Regulation, issued by the Higher Education Board.

In communal events as a result of which a discipline prosecution has to be started, an enquirer or board of inquirers may be assigned to perform at an institute level with approval of the Chancellor. The inquirer or enquirers should not have to be a member of the same faculty or the unit as the students about whom a discipline prosecution has been started.

Scholarships and aids

Article 25. Allocation of scholarships and aids to students shall be assumed by a commission to be established by the Rectorate in accordance with the regulation to be issued.

Health services

Article 26. Health services to be rendered to students and procedures to be applied to sick students shall be arranged with a separate regulation.

Tuitions and Charges

Article 27. Charges to be collected from students out of tuitions, determined with the decision of the Cabinet, shall be settled by the Board of Directors of the Institute. Transaction to be done about students not making the payments due including tuitions and other charges shall be settled by the Board of Directors of the Institute.

Enforcement

Article 28. This regulation takes effect as of its publication date as being valid as of the beginning of the 2011-2012 education year.

Execution

Article 29. Provisions of this regulation shall be executed by the Chancellor of the İzmir Institute of Technology.
