

PRINCIPLES OF DETERMINING DEPARTMENT/FACULTY/INSTITUTION GRADES AND RECTOR'S LIST

- (1) The list of ranking graduates and the Rector is determined at the end of the academic year.
- (2) While making the success ranking, the fall and spring semester graduates of the relevant academic year are evaluated together.
- (3) Graduate students who are ranked according to the final grades on the last entry date of the final exam incomplete grades for the spring semester are determined.
- (4) Material errors following the finalized grades according to the final exam incomplete result do not affect the status of the students who graduated.
- (5) The grade point average of the graduates is taken as a basis while ranking the graduates.
- (6) Graduates of the double major program are placed in order of success together with the major graduates of the program they followed.
- (7) As a result of the ranking, among those who graduated from undergraduate programs within the normal education period (8 semesters) or in a shorter period of time;
 - a) **Chapter first, second and third:** It is determined by ordering from 4.00 according to the GPA for each department.
 - b) **First, second and third places of the faculty:** It is determined by ordering from 4.00 according to the GPA for each faculty.
 - c) **Institute's first, second and third places:** It is determined by ordering the faculties according to their grade point average starting from 4.00.
- (8) In case of equality, the relevant degree is shared among more than one student.
- (9) A certificate signed by the Rector is given to the graduates who are ranked.
- (10) The list of the rector consists of the first, second and third members of each faculty.

Regular Student Table
